Anonymous	Very very good
Anonymous	N/A
Anonymous	Everyone went pretty fast through their specific protocols. Might be worth a handout or two.
Anonymous	I expected to discover better tools (questionnaires, examinations) to assess pain and pain étiologies
Anonymous	Greater emphasis on data and objective analysis
Anonymous	Great session! Very important!!!
Anonymous	Good session
Anonymous	No comments
Anonymous	Gave good suggestions for pain control
Anonymous	Great teamwork and a lot of interesting talks within a short time period. We could use a more extended discussion on pain management protocols at a future meeting.
Anonymous	I now recognize the importance of multimodal approaches to perioperative pain management.
Anonymous	An important topic across healthcare disciplines within scoliosis. I will be using this symposium to provide my staff with updated pain concepts.
