The Scoliosis Research Society presents

Webinar for Professionals

Spinal Global Outreach: 101 to Advanced Degree

March 21, 2019 at 7:00pm EDT

Webinar and Global Outreach Committee Chair: J. Michael Wattenbarger, MD

The SRS Global Outreach Committee serves as a networking community to exchange ideas and strategies related to independent outreach efforts as well as to develop and disseminate educational aids on effective outreach. The webinar, Spinal Global Outreach: 101 to Advanced Degree, will be interactive and case based with tips on how to get started in global outreach and how to create long standing outreach programs. We encourage both veterans of outreach programs, as well as those that have never gone on a trip but have an interest in participating on a trip in the future, to participate in the webinar.

Learning Objectives

As a result of participating in this activity, participants should be able to:

- Create strategies for building new outreach efforts with attention to quality and safety.
- Analyze local resources to determine appropriate treatment plans for spinal deformity.
- Incorporate the SRS Core Curriculum to onsite educational strategic plans.

Credit Designation

The Scoliosis Research Society (SRS) designates this internet live course for a maximum of 1.5 AMA PRA Category 1 Credit(s)™. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

Disclosure of Conflict of Interest

It is the policy of SRS to insure balance, independence, objectivity and scientific rigor in all of their educational activities. In accordance with this policy, SRS identifies conflicts of interest with instructors, content managers and other individuals who are in a position to control the content of an activity. Conflicts are resolved by SRS to ensure that all scientific research referred to, reported, or used in a Continuing Medical Education (CME) activity conforms to the generally accepted standards of experimental design, data collection and analysis.

Agenda

7:00-7:05  Welcome and Introduction

Recommendations for Healthcare Trips – “When Healing Hurts”

J. Michael Wattenbarger, MD
7:05-7:10  A Rookie's Perspective on Outreach  
  Michael J. Heffernan, MD

7:10-7:15  101: Getting Involved  
  Emmanuel N. Menga, MD

7:15-7:20  Discussion

7:20-7:45  Masters: Building a Self-Sustaining Program & Understanding Local Resources Panel  
  Dheera Ananthakrishnan, MD, MSE  
  Matthew J. Geck, MD  
  Richard M. Schwend, MD

7:45-8:00  Discussion

8:00-8:20  Practicum: Case Scenarios  
  All Faculty

8:20-8:25  SRS Resources  
  Laurel Blakemore, MD

8:25-8:30  Final Remarks  
  J. Michael Wattenbarger, MD

Disclosed Financial Relationships
