Improving Value of Scoliosis Care: Real Life Lessons from the Field

Presented by the Scoliosis Research Society and POSNA

Chair: Michael Vitale, MD

Tuesday, June 12th at 7:00 pm CT

Upon completion of this webinar, participants should be able to:

1. Understand what value in spine care is
2. Be able to identify and use tools to improve spine deformity care
3. Recognize real life examples of work in this area

Agenda

What is value, how is it measured, and why does it matter? – James Sanders
Improving value through team performance – CUSP – Michael Vitale and Lisa McCloud
Using lean process to improve AIS care value – Matt Oetgen
Teams and lean to improve high cost OR throughput – Jack Flynn
Decreasing blood loss and the value proposition – Suken Shah
Standard work and minimizing cost in complex patients – Nick Fletcher
Improving value in adult spine care – Rajiv Sethi

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the sponsorship of the Scoliosis Research Society (SRS). SRS is accredited by the ACCME to provide continuing medical education for physicians.

The Scoliosis Research Society (SRS) designates this web activity for a maximum of 1.5 AMA PRA Category 1 Credit™. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

This webinar is free to members and non-members.
